

Photographer & Watercolorist

Louise Magno

Natural Moments Studio

Her work is hanging in businesses, Skagit Valley Hospital, United General Hospital and private homes throughout the US, and Canada. Louise shows at several other shows throughout the year in Western WA counties. Her work is also available and sells through several ON-line Galleries to include Fine Art America @ <http://fineartamerica.com/profiles/louise-magno.html>.

Check out her web site for a list of where she is currently showing <http://home.comcast.net/~lsmagno/>. Some of her cards and prints are @ ETSY. She is also a graphic artist writing ads.

She has been a Photographer for many years. Photography is her first love, but she began to study painting several years ago under Jennifer Bowman and Roxanne Grinstead. Both of these incredibly talented well known artists have made a huge impact in Louise's life. They have taught her the freedom of color. She quite often paints from her photography. Flowers, landscapes, and nature are her favorite subjects. She is always looking for a unique perspective and tries to share it with her viewers.

Her passions are God, photography, painting, gardening, traveling & her family. She makes her home in the Great North West with her husband Tony (Jazz & Gospel Trumpet player) and their cat Dillon. Their sons are grown with families of their own which has provided lots of grandchildren, love and laughter!
